- **Business environment** can also be studied, just like the environment that is applied. This environment that is applied consists:
 - **Business and Economic Environment** consists of the economic environment (economics and finance) and the **Business Environment** (the **Marketing Environment** consisting of **Marketing Mix** and **Marketing Environment**).
 - **Business and Social Environment** consists of the social environment (society and culture) and the **Business Environment** (the **Marketing Environment** consisting of **Marketing Mix** and **Marketing Environment**).
- **Business environment** influences the **Marketing Environment**, but the **Marketing Environment** does not influence the **Business Environment**.
